Equality

This policy is linked to our Student's Code of Conduct which, in part, states that:

- ❖ At our school we will continuously strive to ensure that everyone is treated with respect and dignity. Each person will be given fair and equal opportunities to develop their full potential, regardless of their gender, ethnicity, culture and religious background, sexuality, disability or special educational needs and ability. The school will work actively to promote equality and foster positive attitudes and commitment to an education for equality.

This we will do by:

- ❖ Treating all those within the school community (e.g., Students, Teaching and Non-teaching staff, parents and the outside community) as individuals with their own particular abilities, beliefs, challenges attitudes and backgrounds
- ❖ Maintaining a school ethos which promotes equality, develops understanding and challenges, myths, stereotypes, misconceptions and prejudices
- ❖ Encouraging everyone in our school community to gain a positive self-image and high esteem
- ❖ Having high expectations of everyone involved with the whole school community
- ❖ Promoting mutual respect and valuing each other's similarities and differences and facing equality issues openly and honestly
- ❖ Identifying, challenging, and removing all practices, procedures and customs which are discriminatory and replacing them with practices that are fair to all
- ❖ Monitoring, evaluating, and reviewing all the above to secure continuous improvement in all that we do.

MMIS will always work to:

- ❖ Protect our children from maltreatment
- ❖ Prevent impairment of our children's health or development

It also includes awareness of issues relating to:

- ✓ Health and safety bullying
- ✓ Harassment and discrimination, including the use of physical intervention
- ✓ Meeting the needs of children and young people with medical needs
- ✓ Providing first aid
- ✓ Drug and substance misuse
- ✓ Internet safety/cyber bullying
- ✓ School campus/premises security

We have a designated team of educators to conduct regular workshops and take students on educational visits as students' awareness programs, on the above-mentioned issues for ensuring quality health and safety of MMIS students within our secured school premises.
